

Doormark, Inc.

VIVID & NATURAL SERIES

Doormark is proud to announce two new additions to our manufacturing lines:

The Vivid Series and the Natural Series

The Vivid Series is comprised of six high gloss acrylic colors. These colors are available with a matching matte melamine back and can be ordered with a matching or two-tone edge banding.

The Natural Series is available in six textured melamine colors. All colors are two sided and edge banded with matching banding.

Founded in 1994, Doormark, Inc. is among the largest manufacturers of 3D laminated components on the East Coast. Our corporate offices and 60,000 square foot manufacturing facility are located at 430 Goolsby Boulevard in Deerfield Beach, Florida.

As always, we greatly appreciate the loyalty and continued support of our valued customers. We invite you to experience the difference of Doormark, the true mark of excellence.

The True Mark of Excellence

VIVID SERIES

Two Edge Banding Styles

SOLID

TWO TONE

Through high brilliance and a stunning depth of color, the Vivid Series effortlessly projects itself to the top of the high gloss surfaces. The special Top X surface ensures a high degree of resistance to mechanical and chemical influences and makes polishing unnecessary. All components are supplied with a protective surface film that once removed, leaves the near mirror quality surface on display. Acrylux Top X is perfect for all applications where luxury, luster and durability are a necessity.

NATURAL SERIES

The Natural Series is a collection of attractive woodgrain colors and textures that encompass traditional and classic designs alongside contemporary and modern trends. Texture is no longer a secondary consideration after color choice. It is now used to give more depth, realism and a unique character to your designs and projects.
