# ACCESSORIES

Another great option for the Vivid Series is frame only window doors. Manufactured with a routed groove and a fitted gasket to secure 1/4" glass, Vivid Series frame only window doors allow you to set your project apart from the rest with a sleek modern look.

Vivid series doors and drawer fronts are available with integrated finger pulls. Parts are manufactured with a 60 degree included (inside) angle. This accentuates the modern look and feel by eliminating the need for pulls or knobs.
